

Compensation Plan

POINTS- Points are generated by product sold (**Branding System**, Upgrades, Monthly Hosting and Managing Fee), every dollar of product sold is equal to (1/2) point.

For example...

\$399.00 **System** = 200 GV points (Group Volume).

\$39.95 Monthly Hosting and Managing Fee = 20 GV points and also 20 PV points (Personal Volume). See QUALIFIED.

ACTIVE - To be ACTIVE, you must join as an Affiliate (\$99.00), purchase a **Branding System** (\$399.00 or up), and pay the \$39.95 Monthly Hosting and Managing Fee and generate 20 PV thus becoming Active.

In the case of an Affiliate that does not own a **Branding System** and will not be on Monthly Hosting, this Affiliate must do the following to be active:

Make a Retail **Branding System** Sale. The monthly 20 PV generated will be credited to the Affiliate that makes the sale, thus making him/her active.

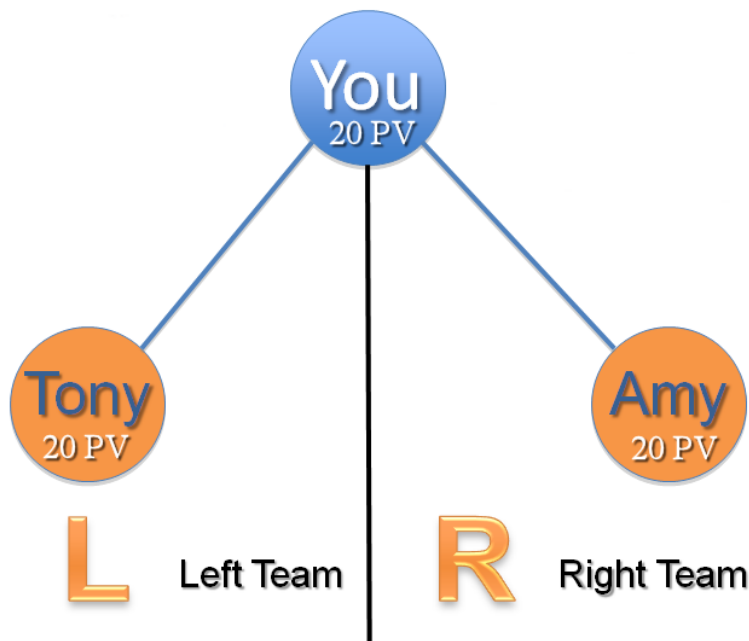

"All income figures listed are hypothetical and are not based on actual results or averages. Inadequate historical data exists in order to give average income or expected income levels. Many factors influence income, some outside of the control of the Affiliate. Company makes no guarantees or promises of any income."

QUALIFIED - You become QUALIFIED to earn team commissions by personally enrolling two Affiliates. One who is active on your left side and one who is active on your right side. (See Figure 1)

As an Affiliate you can earn the following commissions (Retail and Direct Commissions, and Producer Bonus). To earn additional commissions (Team Commissions, Check Match & Leadership Pool) you must be active and qualified by generating a minimum of 20 PV monthly, which can also be achieved through personal purchases or through retail sales. All commissions are paid weekly.

Figure 1

RETAIL SALES

As an Affiliate, you can sell a **Branding System** at the retail price of \$499 or up, by sending someone to your Replicated Website, or your personal **Branding System** where they can purchase a **System** at the retail price and MBS will pay you \$100.00 plus a Direct Commission of \$100.00 for a total of \$200.00. The volume generated from the retail customer's Monthly Hosting and Managing Fee (20 GV per **System**) will count towards PV (personal volume) requirements and will be added to your lesser volume side, where you can earn Team Commissions on this volume. Please note, on a retail sale 0 GV will be issued on the sale, but 20 GV will be issued every month the Monthly Hosting and Managing Fee is paid.

"All income figures listed are hypothetical and are not based on actual results or averages. Inadequate historical data exists in order to give average income or expected income levels. Many factors influence income, some outside of the control of the Affiliate. Company makes no guarantees or promises of any income."

DIRECT COMMISSIONS

When someone you personally enroll purchases a **Branding System**, you and five Affiliates above you will receive a one time Direct Commission. Affiliates that directly sell a **Branding System** with our Affiliate program, will earn \$100.00 and 200 points (GV). See (Figure 2)

1st level - You, the enroller earns \$100.00

2nd level - Your enroller earns \$25.00

3rd level Upline earns \$5.00

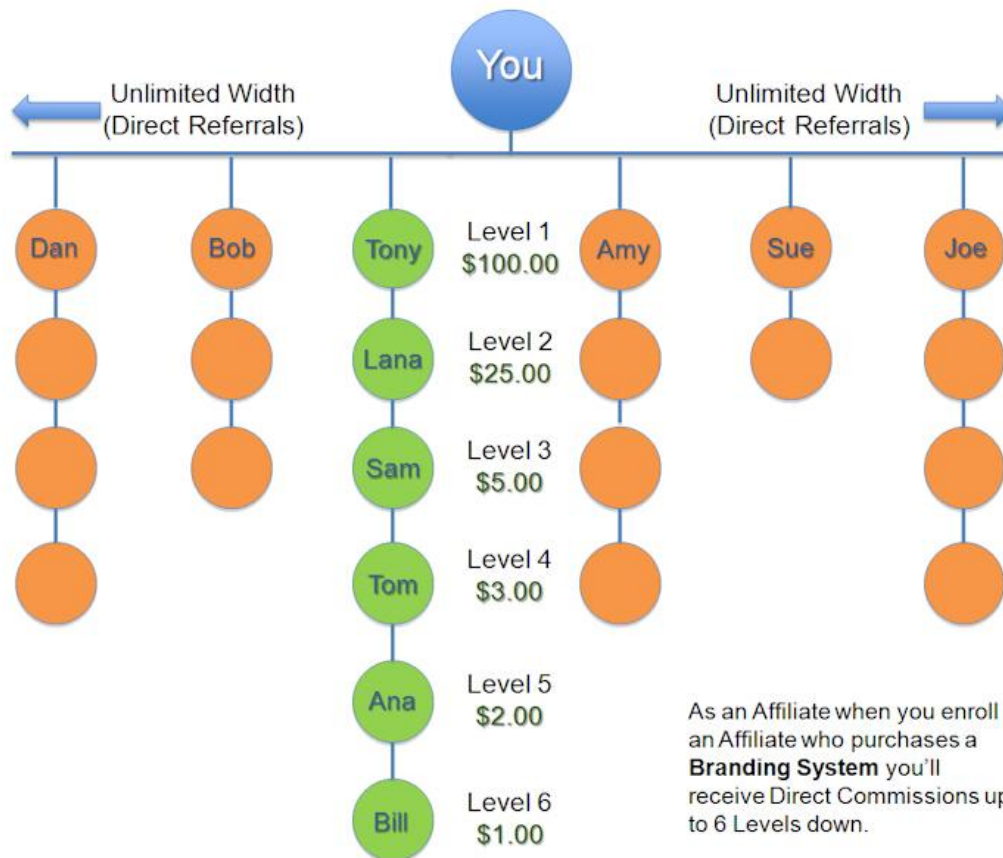

4th level Upline earns \$3.00

5th level Upline earns \$2.00

6th level Upline earns \$1.00

Figure 2

6

"All income figures listed are hypothetical and are not based on actual results or averages. Inadequate historical data exists in order to give average income or expected income levels. Many factors influence income, some outside of the control of the Affiliate. Company makes no guarantees or promises of any income."

TEAM COMMISSIONS

Team Commissions involve the organization of all the affiliates that you have enrolled, all the affiliates they have enrolled, and other active Affiliates that have been placed under you by anyone else above you (known as spillover). Those under you do not necessarily have to be those you personally enrolled. This organization, also known as the binary, is comprised of two sides, your left side and your right side (the side that you are paid on has the lesser amount of volume). **See Figure 3. And Figure 3b.** You, your enrollee, or Your Group Volume (GV) is the sum total of the PV of all Affiliates in your organization and the sum total of the GV generated by the sale of product in all of your organization.

To earn Team Commissions you must be an Active Affiliate (20 PV) and have personally enroll two Active Affiliates (20 PV), one on your left and one on your right side. Team Commissions are paid by calculating and paying out 10% of the volume in the lesser volume side. For example, if you had 8,000 GV on your lesser side and 10,000 GV on your greater side, you would receive a commission of \$800.00 (10% of the 8,000 GV lesser side). Then 8,000 would be subtracted from both sides, leaving 0 on your lesser side and 2,000 GV on the greater side for the next week. Any leftover volume on your greater side will carry over to the next week, provided you remain active with at least 20 PV.

If you do not remain active during a qualification period with at least 20 PV, the volume on both the left and right sides will be reset to zero. You may earn up to \$10,000 per week in Team Commissions.

“All income figures listed are hypothetical and are not based on actual results or averages. Inadequate historical data exists in order to give average income or expected income levels. Many factors influence income, some outside of the control of the Affiliate. Company makes no guarantees or promises of any income.”

Figure 3

You become qualified to earn team commissions by being ACTIVE (20 PV) and personally enrolling two Affiliates. One who is Active on your left side and one who is Active on your right side.

You must also maintain a minimum of 20 PV * per month to be Active and Qualified.

\$39.95 Hosting = 20 PV = 20 GV **

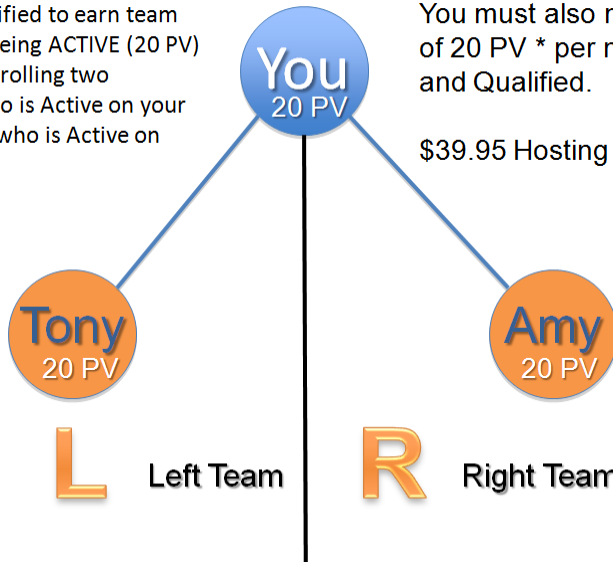

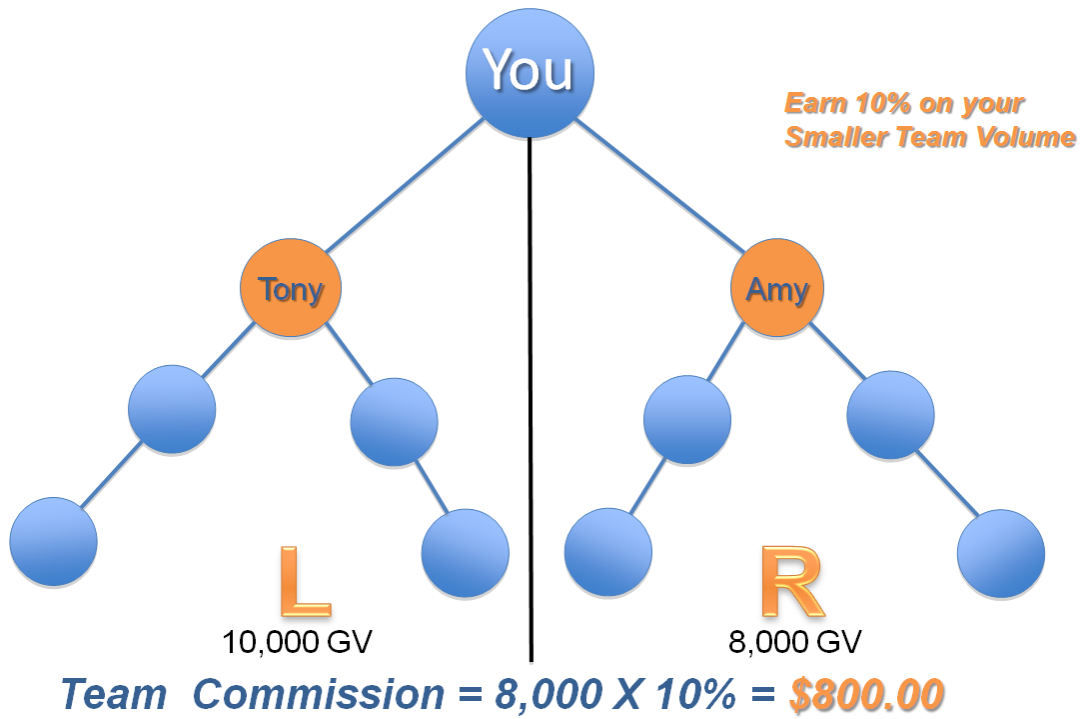

Figure 3b

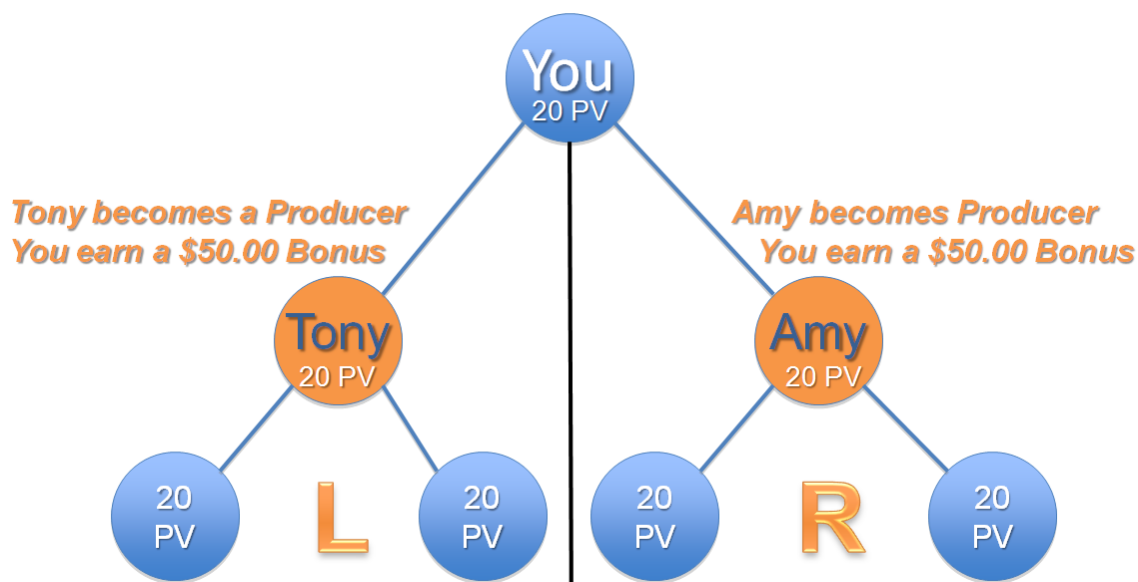

"All income figures listed are hypothetical and are not based on actual results or averages. Inadequate historical data exists in order to give average income or expected income levels. Many factors influence income, some outside of the control of the Affiliate. Company makes no guarantees or promises of any income."

PRODUCER'S BONUS

If you are qualified with 20 PV, you will receive a \$50.00 bonus each time one of your personally enrolled Active Affiliates achieves the rank of Producer for the first time (please see MBS Ranks section). This means that every time you help your personally enrolled Affiliates enroll someone on their left and right sides and they each generate 20 PV, your personally enrolled Affiliates then becomes a Producer and is qualified to receive team commissions. You will then receive the Producer's Bonus of \$50. (See Figure 4)

Figure 4

"All income figures listed are hypothetical and are not based on actual results or averages. Inadequate historical data exists in order to give average income or expected income levels. Many factors influence income, some outside of the control of the Affiliate. Company makes no guarantees or promises of any income."

CHECK MATCH

We also track those Affiliates who you have personally enrolled and the Affiliates that they have personally enrolled, and so on. This is your personal enrolled team (**Figure 5**). You can earn a Check Match (CM) on the Team Commissions paid to Affiliates in your personal enrolled team for up to eight generations, depending on the rank you achieve. In each personal enrolled team (each personally enrolled Affiliate begins a new team), a generation ends with a qualified ranked Affiliate of Silver Executive or higher. There are no limits to the width of your personal enrolled team, so you can continue to add more teams in order to add Affiliates to your generations. To earn Team Commissions you must be active (20 PV) and have an active (20 PV) personally enrolled Affiliate on your left and right side.

Check Match means, earn up to 25% of your lesser volume side as follows:

If your lesser volume side has 8,000 GV, MBS calculates the 8,000 GV, by up to 25% and that will be your Matching Check Maximum. In this example it would be an amount of \$2,000.

Example: Mary earns \$300.00 in Team Commissions, you will earn a check match of \$300.00, Bob earns \$55.00 in Team Commissions, you will earn a check match of \$55.00, Stacy earns \$470.00 in Team Commissions, you will also earn \$470.00 and so on....up to your Matching Check Maximum.

The example below in **Figure 5** will help you understand how the Check Match works. In this example let's consider that you (top of your enrolled team) are active with a minimum of 20 PV and are qualified as a Gold Executive. This means that you will earn the Check Match through two

"All income figures listed are hypothetical and are not based on actual results or averages. Inadequate historical data exists in order to give average income or expected income levels. Many factors influence income, some outside of the control of the Affiliate. Company makes no guarantees or promises of any income."

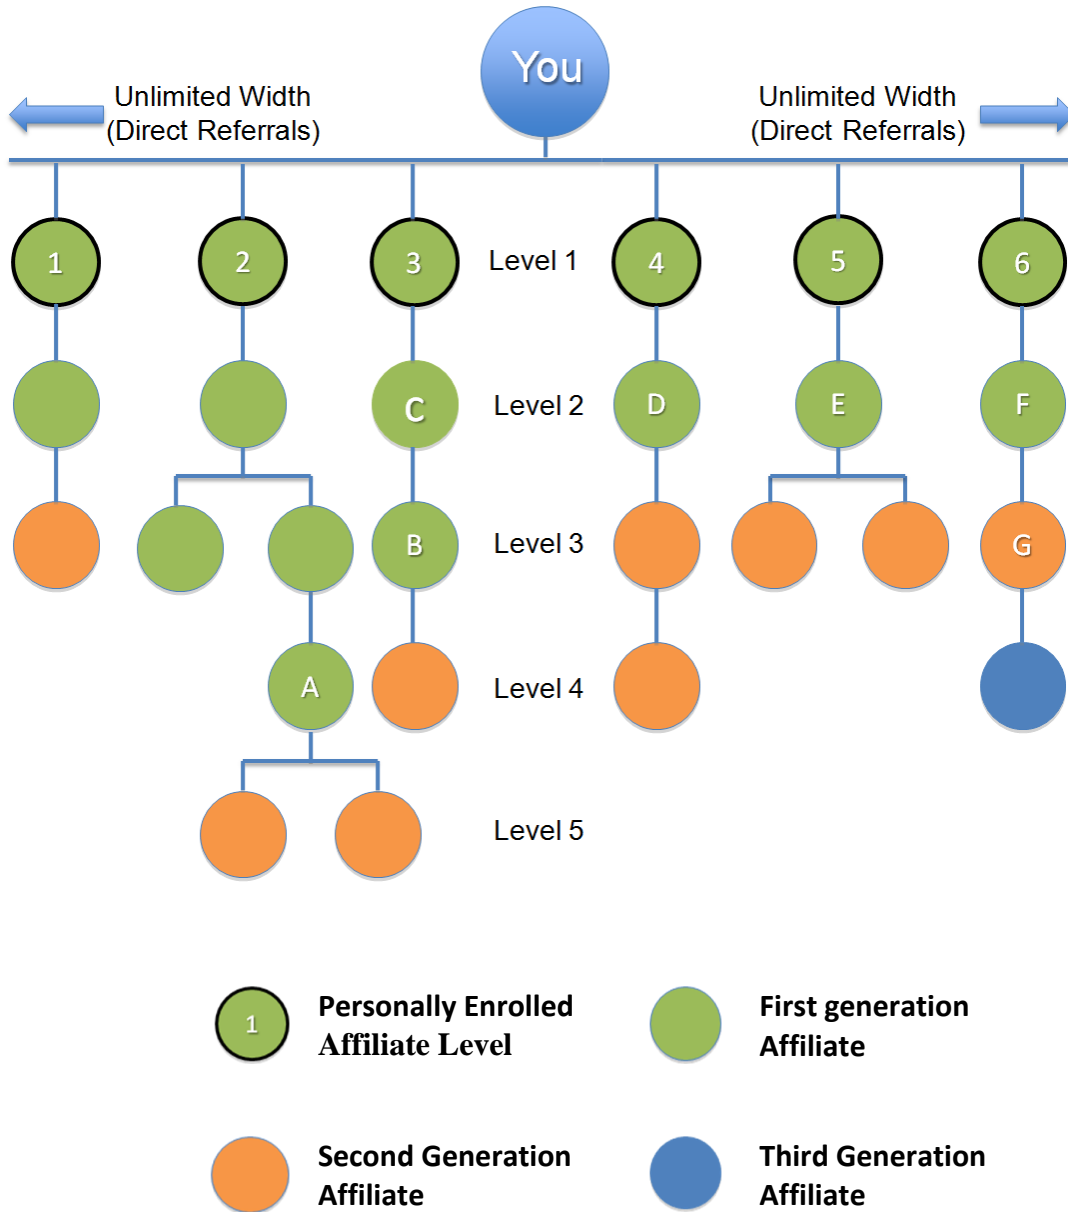

generations on each of your six personal enrolled teams. Once a qualified Silver Executive or above is found on any team, it completes the first generation for that particular team. As you can see, 1, 2, 3, 4, 5 and 6 are your personally enrolled Affiliates and are Green (first generation). In these teams there are additional Affiliates underneath them that are Green, since they also count as your first generation. In this example, A, B, C, D E and F (which are Green or first generation, are qualified as Silver Executives or above, therefore they complete the first generation), for each enrolled team. In this example, you will earn a Check Match on sixteen (16) Affiliates (Green) for your first generation match. As a Gold Executive you can earn two generations of Check Match, so you would also earn the match on the nine (9) Affiliates who are represented by the color Orange (your second generation). However, you will not earn a match on the Affiliate represented by the color Blue, since G qualified as a Silver Executive or higher and completes the second generation. In order to earn a match on your third generation you would need to qualify as a Platinum Executive. As you increase in rank, additional generations will be considered in your Check Match commission. The breakdown of generations included in your CM is as follows: Silver (1 generation), Gold (2 generations), Platinum (3 generations), Ruby (4 generations), Emerald (5 generations), Diamond (6 generations), Double Diamond (7 generations), and Black Diamond (8 generations). My Branding System will calculate the CM as a floating percentage of company-wide commissionable volume. My Branding System will guarantee a payout of up to 80% of commissionable volume every commission period, once the Retail Commission, Direct Commission, Producer Bonuses, Team Commissions, Fast Start Bonuses, Gas and Car Allowance, and Leadership Pool Commissions are taken into account. The remaining percentage is applied to the CM. CM is then paid weekly, along with the other commissions. Silver Executives and above must be active with at least 20 PV to earn CM, and weekly commissions from CM cannot exceed the volume from your lesser volume side.

"All income figures listed are hypothetical and are not based on actual results or averages. Inadequate historical data exists in order to give average income or expected income levels. Many factors influence income, some outside of the control of the Affiliate. Company makes no guarantees or promises of any income."

By far the most lucrative pay out in the MBS pay plan.

Figure 5

“All income figures listed are hypothetical and are not based on actual results or averages. Inadequate historical data exists in order to give average income or expected income levels. Many factors influence income, some outside of the control of the Affiliate. Company makes no guarantees or promises of any income.”

RANK QUALIFICATIONS

Producer - Be an Active and qualified Affiliate.

Producer 400 – 400 GV in your lesser volume side, during a 1 week period.

Producer 800 – 800 GV in your lesser volume side, during a 1 week period.

EXECUTIVE RANKS

Silver Executive – 2,000 GV in your lesser volume side during a 1 week period and a minimum of two personally enrolled teams that includes a qualified Producer 400 or above.

Gold Executive – 3,000 GV in your lesser volume side during a 1 week period and a minimum of three personally enrolled teams that includes a qualified Producer 400 or above.

Platinum Executive – 5,000 GV in your lesser volume side during a 1 week period and a minimum of four personally enrolled teams that includes a qualified Producer 400 or above.

ELITE RANKS

Ruby Executive - The affiliate must have 10,000 GV in your lesser volume side during a one-week period, two weeks in a row and a minimum of five personally enrolled teams that includes a qualified Producer 800 or above.

Emerald Executive -15,000 GV in your lesser volume side during a one week period, two weeks in a row and a minimum of six personally enrolled teams that includes a qualified Producer 800 or above.

Diamond Executive - 20,000 GV in your lesser volume side during a one week period, three weeks in a row and a minimum of seven personally enrolled teams that includes a qualified Silver Executive or above.

Double Diamond Executive - 40,000 GV in your lesser volume side during a one week period, four weeks in a row and a minimum of seven personally enrolled teams that includes a qualified Silver Executive or above.

Triple Diamond Executive - 75,000 GV in your lesser volume side during a one week period, four weeks in a row and a minimum of seven personally enrolled teams that includes a qualified Silver Executive or above with no more than 25,000 GV coming from any single personally enrolled team for four consecutive weeks.

Premier Ranks

Black Diamond Executive - 150,000 GV in your lesser volume side during a one week period, four weeks in a row and a minimum of seven personally enrolled teams that includes a qualified Silver Executive or above with no more than 50,000 GV coming from any single personally enrolled teams for four consecutive weeks.

“All income figures listed are hypothetical and are not based on actual results or averages. Inadequate historical data exists in order to give average income or expected income levels. Many factors influence income, some outside of the control of the Affiliate. Company makes no guarantees or promises of any income.”

LEADERSHIP POOL

MBS reserves 2% of the total company GV for our elite group of Affiliates at the top ranks in the company. As one of these elite Affiliates, you may earn shares in the Leadership Pool based on your “paid as” rank as well as the volume generated through your personal enrolled team. As you advance in rank you will receive additional shares that qualify you for a larger part of the pool. This bonus is paid weekly.

LIFETIME RANK- The highest rank achieved by an Affiliate, used for recognition purposes.

PAID AS RANK- The rank which an Affiliate qualifies for, and is paid at for a given commission period. For example: The highest rank achieved may be Gold Executive, yet in any given weekly commission period, he/she produced Silver Executive volume, he/she will be paid bonuses as a Silver Executive for that particular pay period.

COMMISSION PERIOD- Is 7 days. The weekly commission period runs from Sunday at 12:00:00 a.m. PST (Pacific Standard Time) to Saturday at 11:59:59 p.m. PST. Commission Checks are paid weekly and will be mailed out the following Friday at the end of each Commission Period.

“All income figures listed are hypothetical and are not based on actual results or averages. Inadequate historical data exists in order to give average income or expected income levels. Many factors influence income, some outside of the control of the Affiliate. Company makes no guarantees or promises of any income.”
